VII. PUBLIC COMMENT

Ms. Betty Gebhardt, High Falls Road, spoke on parking problems on Richardson Road. She said that the “No Parking” on a portion of the road was not working and asked that the Board make the entire road “No Parking”. She said that cars blocked her driveway where her son now lives over Easter holiday.

Ms. Gwen Flowers, 134 Spalding Street, addressed Item No. 10 under New Business, regarding the Recreation Master Plan. She said that she is surprised that the Plan does not include a playground for Airport Road Park as was being recommended for Wyomia Tyus Olympic Park. She said that the walking track at Airport Road is utilized five to one over Wyomia Tyus walking track.

Mr. Fred Edwards, 747 Steele Road, addressed the abandoned house on 632 Manley Road that he recently had discussed at a commission meeting. He said when he found out the number of the property and called it in that there were more shingles off the roof and twelve (12) tires in the yard when he went by the next morning and apparently he had awakened the public to this problem. Commissioner Morrow addressed Mr. Edwards’ comments and told him that he had mailed him a copy of the legal letter that went to the owner of that house that starts the demolition process and it is being processed. The owners have contracted with somebody to have the house torn down.

IX. CONSENT AGENDA – n/a

X. OLD BUSINESS – n/a

XI. NEW BUSINESS

1. Consider Resolution to Abandon Hunter Road or a Portion Thereof. *Upon motion by Commissioner Martha McDaniel, seconded by Commissioner Morrow the following Resolution was unanimously approved by a vote of 5-0.*

**RESOLUTION TO ABANDON
HUNTER ROAD OR A PORTION THEREOF**

WHEREAS, landowners contiguous to Hunter Road contend that Hunter Road has ceased to be used by the public to the extent that no substantial public purpose is served by said road and have requested the Board of Commissioners of Spalding County as the governing authority of said county, to abandon said road as a part of the county road system; and

WHEREAS, on March 18, 2002 the Board of Commissioners adopted a resolution of intent to consider the abandonment of a portion of Hunter Road; and

WHEREAS, a copy of such resolution along with a copy of said plat and sketch was sent to each of the contiguous property owners and to the local Postmaster for review with the rural mail carrier and to the Superintendent of the Griffin-Spalding County School System for review with the person in charge of the bus transportation for students in the local school system, and in addition thereto copies of such resolution were posted at the Spalding County Courthouse and at the Spalding County Courthouse Annex; and

WHEREAS, no objections to such abandonment have been received;

NOW, THEREFORE, BE IT, AND IT IS, HEREBY RESOLVED by the Board of Commissioners of Spalding County that Hunter Road lying and being in the Cabin Militia District, running north northwesterly from its intersection with Johnson Road Extension approximately 2,200 feet, to the Henry/Spalding County line as more particularly shown and designated on the plat or sketch attached hereto, has ceased to be used by the public to the extent that no substantial public purpose is served by it, accordingly, said road is hereby considered, ordered and declared abandoned, and it is further ordered that said Hunter Road shall hereafter cease to be a part of the county road system; and

IT IS FURTHER RESOLVED that a copy of the within resolution shall be transmitted to the Georgia Department of Transportation and to the Spalding County Board of Tax Assessors, so as to record the deletion of Hunter Road as a part of the Spalding County road system; and

IT IS FURTHER RESOLVED that the within resolution shall become effective immediately and that all acts or resolutions, or parts thereof, in conflict herewith be, and the same are, hereby repealed.

2. Consider at first reading an ordinance amending the Spalding County Code relative to changes to the Alcohol Beverage Ordinance relating to distances. *Upon motion by Commissioner Martha McDaniel, seconded by Commissioner Morrow the ordinance on first reading was unanimously approved by a vote of 5-0. **The Ordinance will be incorporated into the minutes on second and final reading.***

3. Consider at first reading an ordinance amending the Spalding County Code relative to changes to the Noise Abatement and Control Ordinance. *Motion made by Commissioner Morrow and seconded by Commissioner Johnie McDaniel to approve the ordinance amendment.* Commissioner Kendall desired to have discussion at this time regarding the recreational vehicles (any internal combustion engine) not being ridden within 1500 ft. of any residence other than the residence of the owner. He said that this would mean that you would not be able to ride on your own property unless you lived 1500 ft. away from another residence. He said that his children have a go-cart and this ordinance would prevent them from riding it on his own yard. He asked about leaf blower, chain saws and lawn mowers as they also have internal combustion engines.

County Attorney Fortune commented that he had asked each Commissioner for their input into amending the Noise Ordinance and he had only received input from Commissioner Johnie McDaniel and he asked him to extend it from 500 ft. to 1500 ft. The only thing that has been changed is the distance. Commissioner McDaniel commented that he had asked for this to be changed to 1000 ft when he presented his changes to Mr. Fortune.

Commissioner Johnie McDaniel commented that the way he looks at this is everybody is going to use lawn mowers, weed eaters and chain saws but in most neighborhoods not every body has go-carts and dirt bikes, etc. where they can run and run all day. He said that he gets complaints from neighbors and he has experienced the noise himself in his neighborhood.

Commissioner Kendall commented that this will outlaw all recreational vehicles and this seems to be an "overkill". He said that there is not a governmental remedy for every conceivable problem in Spalding County. He said that this abuse of noise should be on a case-by-case basis. He said there was a remedy and that was for the abused property owner to take their complaint across the street and file a lawsuit to see if their case constitutes a private nuisance, which is an activity that negatively affects the use of your property, sound, noise, smoke, etc.

Commissioner Morrow stated that there was a motion on the floor and if Commissioner Kendall could not come up with a solution to modify this amendment, he asked that the question be called on the motion.

*Chairman McDaniel called the question and motion to approve ordinance on first reading was approved by a vote of 4-1 with Commissioner Kendall voting against the motion. **The Ordinance will be incorporated into the minutes on second and final reading.***

4. Consider request from Michael Brooks, President of the Southside Riders Association to serve alcohol outside during their Country Rock Spring Fling Event. The event will be held Saturday, May 4, 2002 from 11:00 a.m. until Midnight at the Country Rock Café.

Upon motion by Commissioner Martha McDaniel, seconded by Commissioner Morrow the request to serve alcohol outside the establishment was approved by a vote of 4-1 with Commissioner Johnie McDaniel voting against the motion.

5. Consider recommendation from Spalding County Health Department to reappoint Ms. Joy Kelley to the McIntosh Trail MH/MR/SA Community Service Board. Term to expire 03/01/04. *Upon motion by Commissioner Massengale, seconded by Commissioner Morrow, Ms. Joy Kelley was reappointed by a unanimous vote of 5-0.*

6. Consider agreement for limited Animal Shelter Services between Spalding County and Pike County. *Upon motion by Commissioner Martha McDaniel, seconded by Commissioner Massengale the following Agreement was unanimously approved by a vote of 5-0.*

7. Consider Local Government Project Agreement with DOT for utility relocation in the amount of \$70,000 for turn lanes SR 16 at CR 496/688/Old 85 Connector/Hollonville Road Project. County Manager Wilson recommended that the Board only approve the utility relocation only and that DOT be responsible for the acquisition of right of way.

Upon motion by Commissioner Martha McDaniel, seconded by Commissioner Morrow utility relocation only for Local Government Project Agreement with DOT was unanimously approved by a vote of 5-0.

8. Consider proposal of Street Smarts to provide budget and accounting management assistance for the continuation of the 1996 Sales Tax Improvement Program from January to June 2002. The proposal is for Street Smarts to carry out the Budget and Accounting Management Assistance for a not to exceed fee of forty four thousand six hundred and seventy nine dollars (\$44,679).

Motion made by Commissioner Martha McDaniel to approve. Commissioner Massengale seconded the motion.

Commissioner Morrow stated that he had a number of reservations about this proposal. He said that this was a immense amount of money for a few months and he did not understand what we are getting that would cost that much. County Manager Wilson stated that this was part of HDR/WL Jorden contract and since the contract was originally incepted about five (5) years ago, the principles that have been doing the financial part have moved on to Street Smarts and they have continued to do this under sub-contract with

WL Jorden. This was deleted from the contract you approved earlier this year and this is the portion that was deleted to finish out this year. It does not cost us any additional money.

Commissioner Johnie McDaniel called the question on the motion. The motion to approve Street Smarts proposal was approved by a vote of 4-1 with Commissioner Dick Morrow voting against the motion.

9. Commissioner Morrow desires to discuss a plan presented to the Long Range Planning Committee. Commissioner Morrow commented that the Committee has met three (3) times. He said the first meeting the committee decided what the Long Range Planning Committee ought to do as far as goals and objectives. The second meeting everybody was looking for a purpose and how to get City/County groups together on the same road. He submitted a plan at the last meeting of the Committee with a project that all five (5) groups could participate in and hopefully bring in additional organizations to join in.

The Goals and Guidelines should be as follows:

- (1) Project should be realistic and doable. Should avoid grandiose plans.
- (2) Project should have positive long term or permanent impact.
- (3) Project should have some high profile image and represent a symbolic change in our community. This image requires exposure to a major thoroughfare.
- (4) Project should involve all five major players on the Committee: City, County, Schools, Development Authority and Chamber and McIntosh Trail as an adviser and other entities will be invited to have roles if appropriate.
- (5) Project should take any deep-seated problems in a seriously troubled neighborhood. It could provide a model to use for redeveloping additional neighborhoods. Best if first neighborhood has significant assets available in place to build on.
- (6) Project should maximize use of federal and state grant money and not spend local tax monies if at all possible.
- (7) Project should attract private investment and business development and personal home ownership to eventually get the government out of it.

He said that his plan is to begin with the existing assets. The first one is Fairmont Park as it is City/County jointly owned. He said this Park lacks scope and should be expanded. He said that issue is that folks feel like it has been abandoned and there is no new investment in the neighborhood. He said public housing was the next asset because there is HUD money available to improve neighborhoods near their projects. He said that there was mostly rental housing in the area, and he would like to see private housing built. Next were the school assets: Northside, Moore and Kelsey. They are all in tough neighborhoods. He said another asset was the St. Phillips Project on N. Hill Street and we should compliment the work that has been done by this organization.

Phase 1 is to start with Fairmont Park with some SPLOST and grant money. We should condemn everything from Fairmont Park on out to North Hill Street, bulldoze it all, and create a beautiful park. This will be an asset to the neighborhood and compliment St. Phillips' development across the street.

Phase 2 is to bulldoze the slum housing to the west of the public housing area with federal grant money. HUD also has programs for home ownership, which could be used there.

Phase 3 is to condemn and bulldoze some of the run down property south of Moore School and create an attractive entrance to both Moore and Kelsey School. This would make people proud to go to these schools.

Phase 4 is for the Development Authority to create an enterprise zone around the entire area and put some jobs back in the neighborhood by purchasing the Northside School building and rehabilitating it, the Development Authority could use it for their proposed small business incubator facility.

Phase 5 would be for the Downtown Development Authority to expand northward from Quilly Street and join the enterprise zone.

Commissioner Morrow stated that each group was to take this presentation back to their Boards to see if they would agree to sign on to this project to take back the north part of our City.

Motion made by Commissioner Martha McDaniel to endorse this concept presented by Commissioner Morrow and carry this support back to the Long Range Planning Committee. Commissioner Johnie McDaniel seconded the motion and motion was unanimously approved by a vote of 5-0.

10. Consider amending Parks and Recreation Master Plan to provide for playground facilities inside the walking track loop at Wyomia Tyus Olympic Park. *Motion made by Commissioner Martha McDaniel to amend this item to include also in the Master Plan Airport Road Park fitness stations and playground facilities inside the walking track loop. Commissioner Massengale seconded the motion and motion to provide facilities for both parks was unanimously approved by a vote of 5-0.*

11. Discuss desirability for changes to Board of Elections/Voter Registration. Commissioner Kendall stated that he had asked that this be placed on the agenda and since receiving letter of resignation from Helen Grayson, he suggested that the Board consider preparing local legislation to combine the Board of Elections/Voter Registration and have a full time person to oversee this department. He said that he had just found out that the bill requiring the combination of Board of Registrars and Board of Elections did not pass through. Ms. Grayson letter states she is not retiring until July 2003 and we have the opportunity to introduce local legislation to combine these two departments when the legislature convenes in January 2003. He said that during budget considerations this year we need to consider how many positions we want and bring somebody on in January before she leaves in July 2003 so that this office would be up and running before Ms. Grayson retires.

County Manager Wilson stated that he and Assistant County Manager Sabine have discussed this and will look into the adjacent counties and come up with a working model and bring the information back to the Board. We will look into providing additional funds in the Fiscal Year 2003 budget to accommodate this position or positions. The Board asked Mr. Wilson to add this to the April 27th retreat agenda.

XII. REPORT OF COUNTY MANAGER

County Manager Wilson reminded the Board and audience that the Wyomia Tyus Olympic Park Baseball Complex dedication Grand Opening would be April 13, 2002 at 9:30 a.m. and encouraged everyone to attend this dedication.

XIII. REPORT OF COMMISSIONERS

Commissioner Massengale had no comments.

Commissioner Martha McDaniel had no comments.

He said if they have maybe we should ask them to screen their junkyard since it sits in our County. Mr. Wilson commented that we would check into this.

Commissioner Johnie McDaniel had no comments.
