Parks and Recreation to Host Winter Break Camps at Fairmont and City Park

Spalding County Parks & Recreation announces free winter camp programs. Students can spend their February 20th-24th Winter Break from school in a safe and engaging atmosphere at Fairmont & City Park.

These camps are made possible through collaborative efforts of Spalding County Parks and Recreation, Southern Crescent Technical College Early Childhood Education Department as well as experienced community volunteers.

Space for these camps will be limited to the first 50 to make reservations at each site. Camp activities are planned for children of the ages of 5 to 12. Families are strongly urged to pre-register their child for this very popular program. Spaces will go fast!

Registrations for Winter Camp will be accepted at the Parks and Recreation Main office, City Park and Fairmont Park Community Centers.

For more information please call Parks and Recreation at 770-467-4750.
