**MEMORANDUM OF UNDERSTANDING
CONCERNING VARIANCES**

Section 411: Variances.

- A. A Variance is a permit, issued by the Board of Appeals, which allows use of a parcel of land in a way that varies from requirements for the district in which the property is located. A Variance may be granted only in an individual case where a hardship would result if all of the requirements of this Ordinance were applied stringently to a particular piece of property. A hardship means that reasonable use of the land is not possible, if all of the requirements of this Ordinance are to be met. The hardship cannot be self-created such as:
1. A lot purchased with knowledge of an existing restriction.
 2. A claim of hardship in terms of prospective sales.
 3. An expressed economic need requiring a Variance, when such a need can be met in other ways, which would not require a Variance.
- B. Relief from the hardship—the Variance—must not cause substantial detriment to the public good or impair the purposes of this Ordinance.
- C. When a Variance is issued, the spirit of this Ordinance must be observed and the public safety and welfare secured. A Variance may be granted *only* for permitted uses in the zoning district in which the property in questions is located. (For example, a two-family dwelling would not be allowed to be placed in an R-1 district under a Variance).

I hereby certify that I have read the above statements and understand fully the basis for the Board of Appeals to grant a variance.
