COUNTY MANAGER
William P. Wilson, Jr.
COUNTY ATTORNEY
James R. Fortune, Jr.

December 20, 2011

Honorable Eddie L. Freeman, Chairman,
Members of the Board of Commissioners,
and the Citizens of Spalding County, Georgia:

State law requires that all general-purpose local governments publish a complete set of financial statements within six months of the close of each fiscal year, presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of Spalding County, Georgia for the fiscal year ended June 30, 2011.

This report consists of management's representations concerning the finances of Spalding County, Georgia. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of Spalding County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of Spalding County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, Spalding County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Spalding County's financial statements have been audited by Mauldin & Jenkins, LLC, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of Spalding County for the fiscal year ended June 30, 2011 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that Spalding County's financial statements for the fiscal year ended June 30, 2011 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Spalding County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the Compliance Section of Spalding County's Comprehensive Annual Financial Report.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Spalding County's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE GOVERNMENT

Spalding County was created in 1851 by an act of the Legislature of the State of Georgia and is geographically located in the middle part of the state, approximately 40 miles south of Atlanta. Its land area encompasses approximately 200 square miles, and serves a population of 64,073. Spalding County is empowered to levy a property tax on both real and personal properties located within its boundaries.

Spalding County is bordered on the north by Clayton and Henry Counties, on the east by Butts County, on the south by Lamar and Pike Counties and on the west by Meriwether, Coweta and Fayette Counties. Three incorporated municipalities are located within Spalding County: Griffin, which is the County seat, Sunny Side and Orchard Hill.

The governing authority of the County is a Board of Commissioners consisting of five members. The commissioners serve on a part-time basis and are elected to staggered terms of four years. The commissioners are responsible, among other things, for passing ordinances, adopting the budget, establishing tax rates, appointing committees and hiring both the County's manager and attorney. In 1992, the General Assembly of Georgia created the position of County Manager for Spalding County. The County Manager is responsible for carrying out the policies and ordinances of the Spalding County Board of Commissioners, for overseeing the day-to-day operations of the County, and for appointing the heads of various departments.

Spalding County provides a full range of services, including law enforcement; corrections; the construction and maintenance of buildings, parks, streets, highways, bridges, storm-water drainage facilities, and other associated infrastructure; parks and recreational activities; 911 emergency communications; voter registration and elections; court systems; tax assessment and collection; building inspections; geographic information systems; planning and zoning; solid waste collection and recycling; and general administrative and support activities. The County also provides fire protection to the unincorporated areas of the County.

This report includes all funds of the County, as well as those component units that have been determined to meet the criteria for inclusion in the County's reporting entity. The Spalding County Water and Sewerage Facilities Authority, the Spalding County Department of Health, and the Griffin-Spalding County Development Authority are all included as an integral part of Spalding County's financial statements. Additional information on all three of these legally separate entities can be found in the notes to the financial statements.

The annual budget serves as the foundation for Spalding County's financial planning and control. All departments and agencies of Spalding County are required to submit requests for appropriation to the County Manager in March each year. The County Manager uses these requests as the starting point for developing a proposed budget. The County Manager then presents this proposed budget to the Board of Commissioners for review during the month of May. The Board of Commissioners are required to hold public hearings on the proposed budget and to adopt a final budget by no later than June 30, the close of Spalding County's fiscal year. The appropriated budget is prepared by

fund and department. The County Manager may make transfers of appropriations within a department. Transfers of appropriations between departments and the appropriation of additional funds, however, require the special approval of the Board of Commissioners. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented as part of the basic financial statements for the governmental funds. For governmental funds, other than the general fund, with appropriated annual budgets, this comparison is presented in the governmental fund subsection of this report.

FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Spalding County operates.

Local economy. Spalding County's unique location allows its citizens to enjoy the amenities of the Atlanta metropolitan region along with a quality of life traditionally associated with a suburban environment. Nonetheless, Spalding County's local economic outlook is increasingly influenced by the Atlanta region.

Continuing development trends, both in terms of population and economic growth, are strongly influenced by the ongoing suburbanization of Spalding County. Pulte Homes, Inc. chose Spalding County as the perfect location for Sun City Peachtree, the largest master-planned community in the Atlanta area. This active adult community of over 3,400 planned homes on 1,700 acres is touted to be an "active adult oasis" and the first Sun City branded product in Georgia. These new residents will create a demand for additional retail and commercial services, which will fuel growth in this economic sector of our community.

At the same time that the County has enjoyed a closer affiliation with the rest of the Atlanta region, the traditional economic moorings of Spalding County have changed significantly. While the textile industry is no longer a major member of the County's industrial community, the local economy has diversified substantially in recent years. The University of Georgia Griffin Campus, along with Southern Crescent Technical College, leads the transition from a "mill-town" to a "University Community" into the future. The addition of many new degree programs each year to the UGA Griffin Campus curriculum and the 2011 groundbreaking of a new state-of-the-art Medical Technology Building at Southern Crescent Technical College are working to make Spalding County the higher education destination on the south side of Atlanta.

Leveraging Spalding County's close proximity to Hartsfield-Jackson International Airport, as well as convenient 4 lane access to Interstate 75, the local economy now consists of a healthy mixture of high-tech manufacturing, research and development and skilled product assembly, as well as the growing retail and commercial services sector.

The economic forecast for Spalding County expects a continuation of these evolving trends with a focus on becoming an educational destination south of Atlanta. Spalding County expects to see substantial residential growth in the next decade and beyond. While many of these new residents will commute throughout the Atlanta region, it is expected that a number of these residents will be working in Spalding County. Considerable new commercial and industrial development is anticipated as businesses capitalize on Spalding County's Atlanta metro location, while enjoying the benefits of the County's dedicated, growing, and increasingly sophisticated workforce.

Long term financial planning. Following its annual financial review process of the Spalding County Capital Improvement Plan, the commissioners plan to maintain the unassigned fund balance in the General Fund between 15 and 20 percent of total general fund revenues so as to reduce the amount that will need to be borrowed to finance future acquisition and construction. Any significant changes to this plan can be reviewed on an as-necessary basis.

Major Initiatives. Spalding County was made a part of the Atlanta Regional Commission (ARC) for transportation planning purposes in 2005. The ARC model requires a more comprehensive approach for funding transportation needs than has been required in the past. Over the past 18 months the County has worked in conjunction with other local governments within the Three Rivers Region and has developed a regional transportation plan. Funding for major initiatives within this plan is anticipated from a special T-SPLOST to be voted on later this year. Spalding County contracted with LPA Group in 2009 for the planning, site analysis and environmental studies associated with an Airport relocation study and Public Hearings were held this year. Commuter Rail planning and relocation of the Airport are the major projects in the regional transportation plan. The proposed new airport is located in close proximity to the new Lakes at Green Valley Industrial Park that is in the final steps of completion.

A Special Purpose Local Option Sales Tax, passed by an overwhelming majority in November 2005, showed that the voters have a long-term vision for their county, and that vision included a county-wide 800 MHz communication system to increase interoperability between local emergency services and the state, expansion/renovation or replacement of the Spalding County Senior Citizens Center and construction of a Student Learning Center on the University of Georgia Griffin Campus. The new Student Learning Center opened in 2009 and has several hundred students enrolled in their undergraduate and graduate degree programs. The 800 MHz radio system was completed and made fully operational during 2011, and the County is now pursuing grant funding for an early warning system to enhance our ability to notify citizens of pending emergencies.

The County implemented another Special Purpose Local Option Sales Tax (SPLOST) passed in 2008 to provide funding for acquisition, construction, and development of property for the Griffin Spalding County Industrial Development Authority. This new 680 acre industrial park, called the Lakes at Green Valley, is located on the Big Shanty property in eastern Spalding County and began site development in 2009. Sites for potential industrial prospects are currently available and we are seeing great interest in this "green" industrial park. Other 2008 SPLOST projects included the acquisition, construction and development of additions to the Southern Crescent Technical College campus and infrastructure improvements in the County. These projects are pay-as-you-go projects and are in the planning stages awaiting the collection of SPLOST receipts.

The Spalding County Water Authority's earlier issuance of additional bonds to expand and improve water service in the County has improved water pressure, fire fighting capabilities, redundancy, and flow rates throughout the County for many years to come. In addition, the recent acquisition of the Springs Waste Water Treatment Plant will make possible provision of sewer lines to Northern Spalding County, opening up new areas of service to previously unavailable areas.

The Spalding County Fire Department finished construction of the new L.B. Norton Fire Station #7 in Fiscal Year 2010. The station is now fully staffed and operational. The station provides improved service and response times in the western region of the county. The new fire station contains the latest technological advances in the fire service industry. A new pumper truck and a rescue vehicle are housed at this location. The L.B. Norton Fire Station is the newest in fire station design for Spalding County and is a prototype for future stations.

Cash management policies and practices. The County has contracted with Branch Banking and Trust Company to provide investment and banking services. All operating funds of the County are carried in interest-bearing checking accounts, which bear interest at the rate of the Target Federal Funds rate minus five basis points. Fees are charged separately. In order to minimize credit and market risks, all deposits of the County are either insured by federal depository insurance or collateralized at 110% of the market value.

Risk management. The Worker's Compensation Trust Fund (Internal Service Fund) records the activity of the County's worker's compensation insurance program. Third party coverage is currently maintained for excess coverage on worker's compensation claims, property and casualty insurance, and general liability insurance. Additionally, as of July 1, 2001, the County began purchasing health insurance from a private carrier. Additional information on Spalding County's risk management activity can be found in the footnotes to the financial statements.

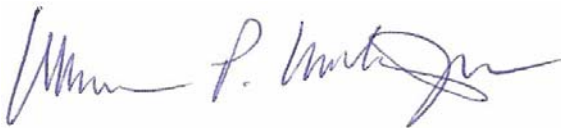

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Spalding County for its comprehensive annual financial report for the year ended June 30, 2010. This was the tenth consecutive year that the County has received this prestigious award. In order to be awarded a Certificate of Achievement, the government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this Comprehensive Annual Financial Report could not have been accomplished without the dedication and contribution of Mauldin & Jenkins, LLC and the cooperation of the various elected officials and appointed management. We express our appreciation to all those who contributed to its preparation. Finally, we would like to thank the Board of Commissioners for their visionary leadership and support in conducting the financial affairs of Spalding County in a responsible manner.

Respectfully submitted,

William P. Wilson, Jr.
County Manager

II. FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

**Board of Commissioners
of Spalding County, Georgia
Griffin, Georgia**

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of **Spalding County, Georgia**, as of and for the year ended June 30, 2011, which collectively comprise Spalding County, Georgia's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Spalding County Department of Public Health or the Griffin-Spalding Development Authority, which statements reflect total assets of \$868,781 and \$25,808,243, respectively, as of June 30, 2011, and total revenues of \$1,758,001 and \$4,727,935, respectively, for the year then ended. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion on the basic financial statements, insofar as it relates to the amounts included for the Spalding County Department of Public Health and the Griffin-Spalding Development Authority in the component unit columns is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audits and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Spalding County, Georgia as of June 30, 2011, and the respective changes in financial position, where applicable, thereof and the budgetary comparisons for the General Fund and major special revenue fund for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as of July 1, 2010.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2011, on our consideration of Spalding County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 4 through 12) and the Schedule of Funding Progress (on page 64) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Spalding County, Georgia's financial statements as a whole. The combining and individual nonmajor fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements of Spalding County, Georgia. The accompanying schedules of expenditures of special purpose local option sales tax proceeds are presented for purposes of additional analysis as required by the Official Code of Georgia Annotated 48-8-121, and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and is also not a required part of the financial statements of Spalding County, Georgia. The combining and individual nonmajor fund financial statements, the schedules of expenditures of special purpose local option sales tax proceeds, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Spalding County, Georgia's financial statements as a whole. The introductory section, the statistical section, and continuing disclosure information listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements of Spalding County, Georgia. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

SPALDING COUNTY, GEORGIA

MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2011

As management of Spalding County, Georgia (the "County"), we offer readers of Spalding County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2011. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, the financial statements, and the notes to the financial statements.

Financial Highlights

- The assets of Spalding County exceeded its liabilities at June 30, 2011, by \$93,392,753 (net assets).
- At June 30, 2011, the County's governmental funds reported combined ending fund balances of \$25,159,735, a decrease of \$2,917,673 or 10.39% in comparison with the prior year. Of this amount, \$878,154 remains in the various funds as unassigned.
- At June 30, 2011, the County's General Fund reported an unassigned fund balance of \$899,412.
- The County's 2008 SPLOST Capital Project Fund closed fiscal year 2011 with a fund balance of \$10,054,057. The SPLOST began January 1, 2009 and will be used for various city and county infrastructure projects as well as a new industrial park.

Overview of the Financial Statements

This Discussion and Analysis is intended to serve as an introduction to Spalding County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of Spalding County's finances, in a manner similar to a private-sector business. All governmental and business-type activities are consolidated to arrive at a total for the Primary Government. There are two government-wide statements, the statement of net assets and the statement of activities, which are described below.

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. It is important to note that this statement, for the first time, consolidates the governmental fund's current financial resources (short-term) with capital assets and long-term liabilities.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public safety, judiciary, transportation, community services, community development, parks and recreation, and tourism.

The government-wide financial statements include not only Spalding County itself (known as the primary government), but also the Spalding County Department of Public Health, the Griffin-Spalding County Development Authority and the Spalding County Water and Sewerage Facilities Authority. These are legally separate entities that are component units of the County due to the significance of their operational or financial relationships with the County. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 13 – 15 of this report.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Spalding County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Spalding County maintains governmental funds to account for the following activities: General; Special Revenue (Fire District, Community Services Block Grant, Emergency 911, Confiscated Assets, Law Library, Multiple Grant, Tourism, Local Victims Assistance Program and Griffin Judicial Drug Court); Debt Service (2008 SPLOST Debt Service and GMA Lease Pool) and Capital Projects (2005 SPLOST Capital Projects, 2008 SPLOST Capital Projects, General Capital Projects, Impact Fees, and CDBG EIP Norcom Grant).

Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Fire District, 2008 SPLOST Capital Projects and 2005 SPLOST Capital Projects funds which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated column. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report. Spalding County adopts an annual appropriated budget for its general, special revenue, and capital projects funds.

A budgetary comparison statement has been provided for the General Fund and Fire District Fund. These statements are found on pages 21 – 24. The basic governmental fund financial statements can be found on pages 16 – 19. Budgetary comparisons have also been included in the combining statements for other governmental funds with legally adopted annual budgets.

Proprietary Funds. Spalding County uses an internal service fund to account for its Workers' Compensation Trust Fund. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support Spalding County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The statement of fiduciary assets and liabilities can be found on page 28 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29 – 64 of this report.

Other Information. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the notes to the financial statements. Along with the combining statements are budget to actual schedules for all governmental funds. Combining and individual fund statements and schedules can be found on pages 66 – 83 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of Spalding County, assets exceed liabilities by \$93,392,753 at the close of the most recent fiscal year.

By far the largest portion of the County's net assets (88.85%) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment and intangible assets); less any related debt used to acquire those assets that are still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Spalding County's Net Assets – Governmental Activities

	2011	2010
Current and other assets	\$ 31,060,692	\$ 33,239,605
Capital assets	91,020,072	93,531,926
Total assets	122,080,764	126,771,531
Long-term liabilities outstanding	25,612,819	28,760,679
Other liabilities	3,075,192	2,341,675
Total liabilities	28,688,011	31,102,354
Net assets:		
Invested in capital assets, net of related debt	82,982,348	85,388,780
Restricted	20,114,417	21,882,136
Unrestricted	(9,704,012)	(11,601,739)
Total net assets	\$ 93,392,753	\$ 95,669,177

An additional portion of Spalding County's net assets (21.54%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets is a deficit of \$9,704,012.

During the current fiscal year restricted net assets decreased \$1,767,719. This included a decrease of debt service restrictions by \$3,766,929 which was due to scheduled principal payments.

The County's deficit in unrestricted net assets decreased \$1,897,727 from the prior year. The County issued \$15,500,000 in general obligation bonds during fiscal 2009. The proceeds from these bonds are being used for the acquisition of assets for the Development Authority. Therefore, this debt has reduced the unrestricted net assets of the County.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Governmental Activities. Governmental activities decreased the County's net assets by \$2,276,424. Key elements of this increase are as follows:

Spalding County's Changes in Net Assets

	<u>Governmental Activities</u>	<u>Governmental Activities</u>
	<u>2011</u>	<u>2010</u>
Revenues		
Program revenues:		
Charges for services	\$ 9,857,939	\$ 10,289,539
Operating grants and contributions	1,954,506	1,601,575
Capital grants and contributions	761,524	829,112
General revenues:		
Property taxes	24,304,835	23,667,798
Other taxes	17,314,819	18,144,811
Investment income	197,308	229,070
Total revenues	<u>54,390,931</u>	<u>54,761,905</u>
Expenses		
General government	7,417,820	7,107,940
Judicial	4,617,323	4,528,384
Public safety	28,442,241	26,524,500
Public works	5,374,364	5,398,943
Health and welfare	934,364	1,095,175
Culture and recreation	2,677,153	2,643,500
Housing and development	6,118,772	4,522,298
Interest on long-term debt	1,085,318	1,145,336
Total expenses	<u>56,667,355</u>	<u>52,966,076</u>
Increase (decrease) in net assets	(2,276,424)	1,795,829
Net assets, beginning of year	95,669,177	93,873,348
Net assets, end of year	<u>\$ 93,392,753</u>	<u>\$ 95,669,177</u>

- Operating grants and contributions increased \$352,931 over the previous fiscal year. The increase is due to reimbursements from FEMA for expenditures resulting from the April 2011 tornado disaster in Spalding County.
- Capital grants and contributions decreased \$67,588. The decline in the economy and housing market has contributed to a decline in development and a decline in infrastructure contributed to the County by developers.
- Investment income decreased by \$31,762, due to falling interest rates and declining cash balances.
- Sales taxes decreased \$884,387 due the continuing decline in the economy.
- Total expenses increased \$3,701,279 over the previous year. Land for a new industrial park was purchased for the Development Authority with 2008 SPLOST funds in October 2009 and construction is ongoing. Also, the L.B. Norton fire station which opened in November 2010 was fully staffed during fiscal 2011.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Analysis of the Government's Funds

As noted earlier, Spalding County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of Spalding County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$25,159,735, a decrease of \$2,917,673 in comparison with the prior year. Approximately 3.5% of this total amount (\$878,154) constitutes unassigned fund balance, which is available for spending at the government's discretion. Of the remainder of fund balance, \$21,353,846 is restricted for public safety, capital projects, and debt service and \$2,927,735 is assigned for various intended purposes.

The General Fund is the chief operating fund of Spalding County. At the end of the current fiscal year, unassigned fund balance of the general fund was \$899,412, while total fund balance reached \$3,522,163. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 2.36% of total general fund expenditures, while total fund balance represents 9.24% of that same amount.

The fund balance of the County's General Fund decreased by \$981,517 during the current fiscal year. Lower than anticipated revenues contributed to this decrease.

The 2005 SPLOST Capital Projects Fund accounts for the financial resources provided from the 2005 General Obligation Sales Tax Bonds and the 2005 1% Special Purpose Local Option Sales Tax approved by voters in November 2005. These resources must be used to finance the acquisition of capital projects, including a County-wide eight hundred megahertz radio system for law enforcement, fire and rescue, and public works personnel, a Student Learning Center on the University of Georgia Griffin campus, and a Spalding County Senior Citizens Center expansion and renovation or the purchase of a new facility. At the end of the 2011 fiscal year, the 2005 SPLOST Capital Projects fund had a restricted fund balance of \$4,092,518, which is a decrease of \$138,510, or 3.27% from the previous year. The eight hundred megahertz radio system is in operation and construction is complete on the Student Learning Center on the University of Georgia Griffin campus. Construction on the new Senior Citizens Center is scheduled to begin in the spring of 2012.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Spalding County voters approved a continuation of the 1% sales tax in November 2008. The 2008 SPLOST Capital Projects Fund accounts for the financial resources provided from the 2008 General Obligation Sales Tax Bonds and the 2008 1% Special Purpose Local Option Sales Tax. The 2008 SPLOST will fund a new industrial park, a continuing education building on the local Southern Crescent Technical College campus and various infrastructure and capital improvements for Spalding County and the cities of Griffin, Orchard Hill and Sunny Side. At the end of fiscal year 2011 the 2008 SPLOST Capital Projects fund had a restricted fund balance of \$10,054,057, which is an increase of \$106,308 from the previous year.

Proprietary Funds. Spalding County's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail. The Workers' Compensation Trust Fund is the only proprietary fund of the County.

General Fund Budgetary Highlights

The net differences between the expenditures original budget and the final amended budget were \$1,751,646 and can be summarized as follows:

- Increase in general government activities - \$571,170, due primarily to the April 28, 2011 tornado disaster;
- Increase in public safety functions - \$729,020, due primarily to an increase in capital asset purchases;
- Increase in public works services - \$49,185, due primarily to an increase in capital asset purchases;
- Increase in health and welfare services - \$269,110, due to increased funding of a dental clinic and medical clinic at the health department;
- Increase in culture and recreation activities - \$133,161, due to construction of a new pocket park and park pavillions;

Of these increases, \$243,680 was funded by a grant from the Griffin Spalding Hospital Authority, \$39,175 was funded by a grant from the Spalding County Health Department, \$236,530 was funded by capital lease proceeds, \$94,960 was funded by contributions and donations, \$52,500 was funded by Griffin Main Street and \$607,269 was funded through the use of fund balance. The remaining budget increase was to be funded by reimbursements from FEMA and GEMA for the tornado disaster.

Actual General Fund revenues of \$37,453,914 were less than final budgeted revenues by \$2,131,587. The economic recession in Spalding County has resulted in reduced property tax and sales tax collections. Building permits, court fines and fees, and interest earnings have also been affected negatively by the downturn in the economy.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Actual General Fund expenditures of \$38,111,206 were less than final budgeted expenditures of \$40,214,915 by \$2,103,709. In anticipation of an economic downturn, Spalding County implemented a hiring freeze for all departments with the exception of public safety in February of 2008. This savings in salaries and benefits coupled with a united effort by Spalding County elected officials, department heads and employees to reduce operating expenditures resulted in this large variance.

Capital Asset and Debt Administration

Capital Assets. Spalding County's investment in capital assets for its governmental activities as of June 30, 2011, amounts to \$91,020,072 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system, improvements, machinery and equipment, park facilities, roads, highways, and bridges.

Spalding County's Capital Assets (Net of Depreciation)

	Governmental Activities 2011	Governmental Activities 2010
Land	\$ 3,132,527	\$ 3,132,857
Construction in progress	10,978,440	10,906,054
Land improvements	5,373,321	5,516,402
Buildings and improvements	26,040,139	26,884,956
Machinery and equipment	3,508,791	3,992,766
Furniture and fixtures	8,044	10,490
Intangibles	532,579	583,864
Infrastructure (roads)	41,446,231	42,504,537
Total	\$ 91,020,072	\$ 93,531,926

Overall, governmental capital assets decreased by a net amount of \$2,511,854 during 2011 due to depreciation. Total governmental capital assets added during 2011 amounted to \$941,747. Major projects consisted of the following:

- \$579,686 in Public Safety vehicles and equipment;
- \$217,900 in donated subdivision roads were accepted by the County; and
- New computer hardware in the amount of \$51,590 to aid Public Safety.

Additional information on the County's capital assets can be found in Note 6 on pages 45 – 47 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Long-term Debt. At the end of the current fiscal year, Spalding County, as the primary government, had total bonded debt outstanding in the form of general obligation bonds of \$12,600,000.

State statutes limit the amount of general obligation debt a governmental entity may issue to 10% of its total assessed valuation. The current debt limitation for the County is \$155,352,360.

Spalding County maintains a "AAA" rating from Standard & Poor's and a "Aa3" rating from Moody's for general obligation debt. Additional information regarding the County's long-term debt can be found in Note 7 on pages 48 – 54 of this report.

Economic Factors and Next Year's Budgets

- The unemployment rate for Spalding County is currently 13.3%, which is an increase from a rate of 12.5% one year ago. The unemployment rate for the State of Georgia at June 30, 2011, is 10.5%.
- Spalding County lost three major industries with the closing of Nacom and Cooper Standard during fiscal 2008, and Springs Industries during fiscal 2009. This has greatly impacted property tax revenues.
- Spalding County began experiencing an economic downturn during fiscal 2008. Monthly sales taxes have decreased and revenues associated with building permits, interest income, and state funded programs have steadily declined. In response, the County initiated a hiring freeze in February 2008 which is anticipated to continue through the end of fiscal 2012.

All of these factors were taken into consideration when preparing the 2012 budget. During the current fiscal year, unassigned fund balance in the general fund decreased to \$899,412. A total of \$1,386,450 has been appropriated for spending in the 2012 fiscal year budget.

Requests for Information

This financial report is designed to provide a general overview of Spalding County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Administrative Services Director, Spalding County, P.O. Box 1087, Griffin, Georgia 30224.

Amounts reported for governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Other long-term assets are not available to pay for current period expenditures, and, therefore, are deferred in the funds.

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.

Net pension asset used in governmental activities is not a financial resource and, therefore, is not reported in the funds.

Net OPEB obligations are not due and payable in the current period and, therefore, are not reported in the funds.

Internal service funds are used by management to charge the costs of various benefits and services to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.

SPALDING COUNTY, GEORGIA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2011

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (2,917,673)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current period.	(2,723,082)
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net assets.	211,228
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	23,448
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	3,777,231
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(5,626)
Internal service funds are used by management to charge costs of various services and benefits to individual funds. The net revenue (expense) of certain activities of internal service funds is reported with governmental activities.	<u>(641,950)</u>
	<u>\$ (2,276,424)</u>

The accompanying notes are an integral part of these financial statements.

SPALDING COUNTY, GEORGIA

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2011

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Spalding County, Georgia (the "County") was created by a legislative act in the State of Georgia in 1851. The County operates under a Commission-County Manager form of government and has budgetary authority over the following functional areas: judicial and court systems, public safety, roads and bridges, health and welfare, water, landfill and general administrative services.

The financial statements of the County and its discretely presented component units, the Spalding County Water and Sewerage Facilities Authority (the "Water Authority"), the Griffin-Spalding Development Authority (the "Development Authority") and the Spalding County Department of Public Health (the "Health Department"), have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the County are described below.

As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the County (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational and financial relationships with the County. In conformity with accounting principles generally accepted in the United States of America, as set forth in Government Accounting Standards Board Statement No. 14, "The Financial Reporting Entity," the component units' financial statements have been included as discretely presented component units. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the County. Based upon the application of these criteria, the following is a brief review of each component unit addressed in defining the County's reporting entity.

The Water Authority is governed by a nine-member board which is appointed by the governing authority of the County. The Water Authority provides water and related services to the citizens of Spalding County. The Water Authority is a means to issue revenue bonds and has the ability to finance, construct, equip and expand water transmission facilities throughout the County. The County approves the annual budget and provides substantially all funding of the Water Authority. The Water Authority is presented as an enterprise fund type component unit. There are no separately issued financial statements available for the Water Authority.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Continued)

The Health Department is governed by a seven-member board, four members of which are appointed by the governing authority of the County. The County approves the required local match portion of the budget requested by the Health Department which is administered by the appointed Board of the Health Department. The Health Department is presented as a governmental fund type component unit.

The Health Department's financial statements have been presented separately and can be obtained by writing to the Spalding County Department of Public Health, P.O. Box 129, Griffin, Georgia 30224.

The Development Authority is responsible for promoting industrial and commercial development within the City of Griffin and Spalding County. The Development Authority is responsible for making its own operating decisions. The Development Authority's budget must be approved by Spalding County. Spalding County provides substantially all funding for the Development Authority's annual budget and has contractually obligated itself to use its taxing powers to guarantee repayment of principal and interest on certain revenue bonds issued by the Development Authority. The Development Authority cannot issue bonded debt without approval by Spalding County; therefore, the Development Authority is fiscally dependent on Spalding County. The Development Authority is presented as a governmental type component unit.

The Development Authority's financial statements have been presented separately and can be obtained by writing to the Griffin-Spalding County Development Authority, P. O. Box 1009, Griffin, Georgia 30224.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. However, interfund services provided and used are not eliminated in the process of consolidation. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and the fiduciary fund financial statements (agency funds do not have a measurement focus, but use the accrual basis of accounting). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Property taxes, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The **general fund** is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **fire district fund** accounts for the operations and maintenance of fire protection services for all County taxpayers residing in unincorporated Spalding County. This fund also accounts for the acquisition and construction of fire stations and fire fighting vehicles and equipment. Financing is provided through a specific annual property tax levy, charges for services, and interest income.

The **capital projects 2008 SPLOST fund** accounts for the financial resources provided and subsequently expended from the 2008 General Obligation Sales Tax Bonds and the 2008 1% Special Purpose Local Option Sales Tax.

The **capital projects 2005 SPLOST fund** accounts for the financial resources provided and subsequently expended from the 2005 General Obligation Sales Tax Bonds and the 2005 1% Special Purpose Local Option Sales Tax.

Additionally, the County reports the following fund types:

The **internal service fund** accounts for the County's self-insured Workers' Compensation program.

The **agency funds** are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals. Agency funds account for Tax Commissioner, Magistrate Court, Probate Court, Clerk of Superior Court, Correctional Institution, and Sheriff.

Amounts reported as *program revenues* include 1) charges for services provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the County's internal service funds are charges for goods and services provided. Operating expenses of the enterprise funds and internal service funds include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Cash, Cash Equivalents and Investments

The County and discretely presented component units' cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the County and discretely presented component units to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements and the Georgia Fund 1. Investments are stated at fair value.

E. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as all other outstanding balances between funds are reported as "due to/from other funds."

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The County has retroactively reported major general infrastructure assets. In this case, the County chose to include all items regardless of their acquisition date. The County was able to estimate the historical cost for the initial reporting of these assets through backtrending.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets of the primary government are depreciated using the straight line method over the following useful lives:

<u>Asset Category</u>	<u>Years</u>
Land improvements	30-50
Buildings and improvements	15-100
Machinery and equipment	5-15
Furniture and fixtures	10
Intangibles	50
Infrastructure	50

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

I. Compensated Absences

It is the County's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the County does not have a policy to pay any amounts when the employees separate from service with the County. All vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

J. Fund Equity

The County implemented GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as of July 1, 2010. This new standard changed the overall definitions and classifications of governmental fund balances.

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net assets."

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Fund Equity (Continued)

- **Nonspendable** – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- **Committed** – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the County Commission through the adoption of a resolution. Only the County Commission may modify or rescind the commitment.
- **Assigned** – Fund balances are reported as assigned when amounts are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the County Commission has authorized the County Manager to assign fund balances.
- **Unassigned** – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The County reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the County's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the County's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

Net Assets – Net assets represent the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the County has spent) for the acquisition, construction or improvement of those assets. Net assets are reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net assets are reported as unrestricted.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Assets

The governmental fund balance sheet includes reconciliation between *fund balance – total governmental funds* and *net assets – governmental activities* as reported in the government-wide statement of net assets. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$24,233,454 difference are as follows:

Capital leases payable	\$ (3,118,074)
General obligation bonds payable	(12,600,000)
Less: Deferred charge for issuance costs (to be amortized over life of debt)	153,400
Plus: Issuance premium (to be amortized against interest expense)	(71,796)
Certificates of participation	(6,237,305)
Less: Fair value of interest rate swap	438,635
Landfill postclosure costs	(1,200,854)
Compensated absences	(1,337,553)
Accrued interest	<u>(259,907)</u>
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net assets - governmental activities</i>	<u><u>\$ (24,233,454)</u></u>

Another element of this reconciliation explains that “revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.” The details of this \$1,277,125 difference are as follows:

Deferred property tax revenue	\$ 1,715,760
Deferred fair value of interest rate swap	<u>(438,635)</u>
Net adjustment to increase <i>fund balance - total governmental funds</i> to arrive at <i>net assets - governmental activities</i>	<u><u>\$ 1,277,125</u></u>

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$2,723,082 difference are as follows:

Capital outlay	\$ 723,847
Depreciation expense	<u>(3,446,929)</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets - governmental activities</i>	<u>\$ (2,723,082)</u>

Another element of the reconciliation states that “The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net assets.” The details of this \$211,228 difference are as follows:

Donations of capital assets increase net assets in the statement of activities, but do not appear in the governmental funds because they are not financial resources.	\$ 217,900
In the statement of activities, only the <i>loss</i> on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the net book value of the capital assets sold.	<u>(6,672)</u>
Net adjustment to increase <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets - governmental activities</i>	<u>\$ 211,228</u>

Another element of the reconciliation states that “the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets.” The details of this \$3,777,231 difference are as follows:

NOTES TO FINANCIAL STATEMENTS

NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)

B. Explanation of Certain Differences between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)

Debt incurred:	
Landfill postclosure costs	\$ (61,430)
Principal repayments:	
Capital leases	501,291
Bonds payable	2,900,000
Certificates of participation	346,057
Landfill postclosure costs	<u>91,313</u>
Net adjustment to increase net changes in <i>fund balances - total governmental funds</i> to arrive at changes in <i>net assets - governmental activities</i>	<u>\$ 3,777,231</u>

Another element of that reconciliation states that "Other long-term assets are not available to pay for current period expenditures, and, therefore, are deferred in the funds." The details of this \$5,626 difference are as follows:

Compensated absences	\$ (17,526)
Amortization of issuance costs	(41,837)
Amortization of premium on general obligation bonds	19,581
Accrued interest	50,744
Net OPEB obligation	(120,681)
Net pension asset	<u>104,093</u>
Net adjustment to decrease <i>net changes in fund balances - total governmental funds</i> to arrive at <i>changes in net assets - governmental activities</i>	<u>\$ (5,626)</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 3. LEGAL COMPLIANCE – BUDGETS

A. Budgets and Budgetary Accounting

The County follows the following procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, the County Manager submits a proposed budget to the Board of Commissioners governing expenditures of all County funds for the fiscal year commencing the following July 1.
2. In June, the Board of Commissioners holds three public hearings on the proposed budget to obtain citizen comments.
3. The budget is legally adopted by the Board of Commissioners before the end of June. The legal level of budgetary control is the department level.
4. All budget revisions or changes must be approved as required by Georgia law and administrative policy. Transfer of budgeted amounts between object categories within departments requires the approval of the County Manager. Revisions that alter the total expenditures of any department or fund must be approved by the Board of Commissioners.
5. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are legally adopted for the General Fund, Special Revenue Funds, Capital Projects Funds, and Debt Service Funds. Annual operating budgets are prepared for each Internal Service Fund for planning, control, and evaluation purposes.

The supplementary budgetary appropriations made were not material.

All appropriations, except for items encumbered at year end, lapse. Encumbrances for items not lapsing at year end are reappropriated in the ensuing year's budget. Budget information for expenditures and encumbrances represents the operating budget as approved by the Board of Commissioners.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. LEGAL COMPLIANCE – BUDGETS (CONTINUED)

B. Excess of Expenditures Over Appropriations

For the year ended June 30, 2011, expenditures exceeded budget, as follows:

Fund or Department	Excess
General Fund:	
Finance	\$ 2,764
Construction and maintenance	6,676
Solicitor	7,152
Probate court	7,431
Public defender	5,770
Sheriff	18,622
Victim services	12,196
Criminal investigation division	12,683
Jail	113,390
Juvenile probation	1,197
Coroner	1,377
800 MHz communication	8,569
Animal control	7,719
Solid waste collection	3,770
Garage	2,690
Health	3,373
Enrichment of young minds	987
Community Services Block Grant Fund	52,788
Confiscated Assets Fund	151,829
Multiple Grant Fund	10,652
Griffin Judicial Circuit Drug Court Fund	16,291
2008 SPLOST Debt Service Fund	67

The overexpenditures in the General Fund were funded by underexpenditures in other departments. The overexpenditures in the Community Services Block Grant Fund were funded by additional revenues. The overexpenditures in the Confiscated Assets Fund and the Multiple Grant Fund were funded by additional revenues and fund balance. The overexpenditures in the Griffin Judicial Circuit Drug Court Fund and 2008 SPLOST Debt Service Fund were funded by fund balance.

C. Deficit Fund Equity

The Multiple Grant Fund had a deficit fund balance of \$14,947 as of June 30, 2011. The Griffin Judicial Circuit Drug Court Fund had a deficit fund balance of \$6,311 as of June 30, 2011. These deficits will be eliminated through future grant reimbursement proceeds.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. DEPOSITS AND INVESTMENTS

Total deposits and investments as of June 30, 2011 are summarized as follows:

Balances per statement of net assets:	
Cash and cash equivalents - Primary government	\$ 22,293,576
Cash and cash equivalents - Health Department	766,506
Cash and cash equivalents - Development Authority	836,201
Cash and cash equivalents - Water Authority	5,237,198
Investments - Primary government	2,233,323
Investments - Development Authority	2,080,000
Restricted assets:	
Water Authority - Bond sinking fund	1,122,410
Water Authority - Debt service reserve fund	988,000
Water Authority - Construction fund	5,868,239
Balances per statement of fiduciary net assets:	
Cash - Agency funds	832,906
	<u>\$ 42,258,359</u>
Balances by type:	
Cash deposited with financial institutions	\$ 17,478,812
Money Market	22,546,225
Mutual Bond Funds	682,290
Guaranteed Investment Contract	1,551,032
	<u>\$ 42,258,359</u>

Credit Risk. State statutes authorize the County to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime bankers' acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. The County has no formal credit risk policy other than to only invest in obligations authorized by the State of Georgia. As of June 30, 2011, the County's investment in the guaranteed investment contract was rated A+ by Standard & Poor's. The mutual bond funds were not rated by a nationally recognized statistical rating organization. However, the fund investments are concentrated in U.S. government securities.

NOTES TO FINANCIAL STATEMENTS

NOTE 4. DEPOSITS AND INVESTMENTS (CONTINUED)

At June 30, 2011, the County had the following investments:

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
Money Market	N/A	\$ 14,567,576
Pimco Funds Invt Mgmt Bond Fund	1.87 years duration	281,058
Pimco High Yield Bond Fund	4.35 years duration	39,163
Templeton Income Tresuary Global Bond Fund	1.74 years duration	85,493
Vanguard Fixed Income Securities Bond Fund	2.26 years duration	276,576
Guaranteed Investment Contract	June 1, 2028	1,551,032
		<u>\$ 16,800,898</u>

At June 30, 2011, the Water Authority had the following investment:

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
Money Market	N/A	\$ 7,978,649
		<u>\$ 7,978,649</u>

Interest Rate Risk. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial Credit Risk – Deposits. Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of June 30, 2011, all of the deposits of the County and the component units were properly insured and collateralized as required by the Official Code of Georgia Annotated (OCGA) Section 45-8-12(c) and as defined by GASB pronouncements.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. RECEIVABLES

Receivables at June 30, 2011 for the County's individual major funds and nonmajor funds in the aggregate are as follows:

	General	Capital Projects 2005 SPLOST	Capital Projects 2008 SPLOST
Receivables:			
Taxes	\$ 2,054,695	\$ -	\$ -
Accounts	243,549	-	-
Interest	-	18	11
Gross receivables	2,298,244	18	11
Less allowance for uncollectibles	485,646	-	-
Net total receivables	\$ 1,812,598	\$ 18	\$ 11
	Fire District	Nonmajor and Other Funds	Total
Receivables:			
Taxes	\$ 300,594	\$ -	\$ 2,355,289
Accounts	1,659	190,028	435,236
Interest	-	-	29
Gross receivables	302,253	190,028	2,790,554
Less allowance for uncollectibles	-	-	485,646
Net total receivables	\$ 302,253	\$ 190,028	\$ 2,304,908

The County's property taxes were levied on the assessed values of all real and personal property with utilities, including mobile homes and motor vehicles, located in the County. The assessed value at January 1, 2010, upon which the fiscal 2011 levy was based, was the gross digest amount of \$1,679,523,596 (40% of the estimated market value of \$4,198,808,990).

The tax billing cycle for fiscal year 2011 is as follows:

Levy date	November 1, 2010
Tax bills mailed	November 5, 2010
Payment due date	January 5, 2011
Delinquency date	January 6, 2011
Lien date	April 5, 2011

The distribution of the County's levy (tax rate per \$1,000 assessed value) as of June 30, 2011 is as follows:

General government	14.81 mils
Fire District	4.17 mils
School System	18.80 mils

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT

A. Primary Government

The following is a summary of long-term debt activity for the primary government for the year ended June 30, 2011:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
2008 General obligation bonds	\$ 15,500,000	\$ -	\$ (2,900,000)	\$ 12,600,000	\$ 3,000,000
Plus unamortized premium	91,377	-	(19,581)	71,796	-
General obligation bonds, net	<u>15,591,377</u>	<u>-</u>	<u>(2,919,581)</u>	<u>12,671,796</u>	<u>3,000,000</u>
Certificates of participation	6,583,362	-	(346,057)	6,237,305	369,642
Capital leases	3,619,365	-	(501,291)	3,118,074	521,538
Claims payable	279,665	1,395,396	(884,651)	790,410	644,086
Compensated absences	1,320,027	722,205	(704,679)	1,337,553	802,532
Landfill postclosure costs	1,230,737	61,430	(91,313)	1,200,854	99,333
Net OPEB obligation	<u>136,146</u>	<u>182,055</u>	<u>(61,374)</u>	<u>256,827</u>	<u>-</u>
Governmental activities Long-term liabilities	<u>\$ 28,760,679</u>	<u>\$ 2,361,086</u>	<u>\$ (5,508,946)</u>	<u>\$ 25,612,819</u>	<u>\$ 5,437,131</u>

For governmental activities, compensated absences, landfill postclosure costs, and net OPEB obligation are generally liquidated by the General Fund.

The beginning balance of governmental activities above has been increased by \$465,590 to properly reflect the reclassification of the County's interest rate swap agreement.

Capital Leases. The County has entered into lease agreements as lessee for financing the acquisition of various items of equipment. The lease agreements qualify as capital leases for accounting purposes (titles transfer at the end of the lease terms) and, therefore, have been recorded at the present values of the future minimum lease payments as of the date of their inception.

The cost of assets under capital leases as of June 30, 2011:

	Governmental Activities
Machinery and equipment	\$ 3,829,568
Buildings	<u>1,500,000</u>
	<u>\$ 5,329,568</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

The County's total capital lease debt service requirements to maturity are as follows:

Fiscal year ending June 30,		
2012	\$	642,925
2013		642,925
2014		547,197
2015		458,397
2016		458,397
2017-2019		820,030
Total minimum lease payments		<u>3,569,871</u>
Less amount representing interest		451,797
Present value of future minimum lease payments	\$	<u><u>3,118,074</u></u>

General Obligation Bonds. During the year ended June 30, 2009, the County issued general obligation bonds in the amount of \$15,500,000. The bond proceeds are to be used to finance the acquisition of various capital projects. General obligation bonds are direct obligations and pledge the full faith and credit of the County.

General obligation bonds outstanding at June 30, 2011 are as follows:

<u>Purpose</u>	<u>Interest Rate</u>	<u>Term</u>	<u>Due Date</u>	<u>Original Amount</u>	<u>Outstanding Amount</u>
Various	3.50 - 5.00%	6 years	2015	\$ 15,500,000	\$ 12,600,000
		Plus unamortized premium			<u>71,796</u>
					<u><u>\$ 12,671,796</u></u>

Debt service requirements to maturity on the general obligation bonds are as follows:

<u>Fiscal year ending June 30,</u>	<u>Principal</u>	<u>Interest</u>
2012	\$ 3,000,000	\$ 519,875
2013	3,100,000	399,875
2014	3,200,000	285,125
2015	<u>3,300,000</u>	<u>132,000</u>
Total	<u><u>\$ 12,600,000</u></u>	<u><u>\$ 1,336,875</u></u>

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

Certificates of Participation. During fiscal year 2000, the County entered into lease-purchase agreements with the Association County Commissioners of Georgia for the construction of a new correctional institution issuing certificates of participation in the amount of \$3,450,000 with an interest rate of 5.62% and for the purchase of real property issuing certificates of participation in the amount of \$2,045,000 with an interest rate of 7.92%. During the year ended June 30, 2005, the County entered into a lease-purchase agreement with the Association County Commissioners of Georgia for the purchase of real property. Certificates of participation in the amount of \$750,000 with an interest rate of 4.74% were issued in connection with the lease purchase agreement.

In June 1998, the County entered into a lease pool agreement with the Georgia Municipal Association (the "Association"). The funding of the lease pool was provided by the issuance of \$150,126,000 Certificates of Participation by the Association. The Association passed the net proceeds through to the participating municipalities with the County's participation totaling \$2,500,000. The lease pool agreement with the Association provides that the County owns their portion of the assets invested by the pool and is responsible for the payment of their portion of the principal and interest of the Certificates of Participation. The principal is due in a lump sum payment on June 1, 2028. Interest is payable at a rate of 4.75% each year. The County draws from the investment to lease equipment from the Association. The lease pool agreement requires the County to make lease payments back into its investment account to fund the principal and interest requirements of the 1998 GMA Certificates of Participation.

As part of the issuance of the certificates of participation, the County entered into an interest rate swap agreement. Under the Swap Agreement, the County is required to pay (1) a semiannual (and beginning July 1, 2003, a monthly) floating rate of interest based on the Securities Industry and Financial Markets Association (SIFMA) Municipal Swap Index (plus a 31 basis points spread) to, or on behalf of, the Swap Counterparty (the "Swap Payment"); and the Swap Counterparty will pay to, or on behalf of, the County a semi-annual payment based on a rate equal to the fixed rate on the certificates of participation (4.75%) times a notional amount specified in the Swap Agreement, but generally equal to the outstanding unpaid principal portion of such Contract, less the amount originally deposited in the Reserve Fund relating to the Contract, and (ii) a one-time Swap Premium to be paid on the effective date of the Swap Agreement. The semiannual payments from the Swap Counterparty with respect to the County are structured, and expected, to be sufficient to make all interest payments due under the Contract, and related distributions of interest on the Certificates. Monthly interest payments between the County, the holders of the Certificates of Participation, and the Swap Counterparty can be made in net settlement form as part of this agreement. Under the Swap Agreement, the County's obligation to pay floating payments to the Swap Counterparty in any calendar year may not exceed an amount equal to the SIFMA Municipal Swap Index plus 5% to be determined on the first business day of December in the preceding year. This agreement matures on June 1, 2028, at the same time of the certificates of participation. This derivative qualifies as a fair market hedge.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

A. Primary Government (Continued)

Certificates of Participation. (Continued) In the unlikely event that the Swap Counterparty becomes insolvent, or fails to make payments as specified in the Swap Agreement, the County would be exposed to credit risk in the amount of the Swap's fair value. To minimize this risk, the County executed this agreement with counterparties of appropriate credit strength, with the counterparty being rated Aa1 by Moody's. At June 30, 2011, the floating rate being paid by the County is 0.40% and the market value of this agreement is \$438,635, a decrease of \$26,955 from the market value at the end of the previous fiscal year. The market value of the hedge was determined using settlement prices at the end of the day on June 30, 2011 based on the derivative contract. This market value is reported as an other asset in the statement of net assets. As this derivative is an effective hedge, qualifying for hedge accounting, the inflow from the hedge (any change in fair value from inception until fiscal year end) is deferred and reported as deferred revenue in the statement of net assets.

Annual debt service requirements on the certificates of participation are as follows:

<u>Fiscal year ending June 30,</u>	<u>Principal</u>	<u>Interest</u>
2012	\$ 369,642	\$ 283,731
2013	393,515	265,963
2014	412,529	247,272
2015	441,619	227,626
2016	375,000	166,930
2017-2021	1,745,000	798,140
2022-2026	-	593,750
2027-2028	2,500,000	237,500
Total	<u>\$ 6,237,305</u>	<u>\$ 2,820,912</u>

Landfill Postclosure Costs. Effective October 3, 1993, the County closed its landfill and no additional waste has been accepted. According to state and federal laws and regulations, the County must perform certain maintenance and monitoring functions at the site for a minimum of 30 years. As of June 30, 2011, the County has a remaining 14 years of monitoring. Engineering studies estimate postclosure costs of approximately \$1,200,854 over the 14-year period. These costs are based on the amount that would be paid if all equipment, facilities, and services required to monitor and maintain the landfill were acquired as of June 30, 2011. Actual costs may be higher due to changes in inflation, changes in technology, or changes in regulations. Should any problems occur during this postclosure period, the costs and time period required for the maintenance and monitoring functions may substantially increase.

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

B. Discretely Presented Component Unit – Water Authority

The following is a summary of long-term debt activity for the Water Authority for the year ended June 30, 2011:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Bonds payable, Series 2002	\$ 3,955,000	\$ -	\$ (965,000)	\$ 2,990,000	\$ 990,000

Revenue Bonds Payable. During the year ended June 30, 2003, the Water Authority issued revenue bonds in the amount of \$9,880,000. The bond proceeds were used to refund the Water Authority's series 1992 revenue bonds. During the year ended June 30, 2009, the Water Authority issued revenue bonds in the amount of \$11,380,000. The bond proceeds are to be used to finance additions and improvements to the water and sewerage system. The principal and interest on the bonds is payable from the net revenues of the Water Authority and certain payments made to the Water Authority by the County pursuant to a contract between the Water Authority and the County. Revenue bonds outstanding at June 30, 2011, are as follows:

Total	<u>\$ 14,370,000</u>	<u>\$ 8,356,218</u>

NOTES TO FINANCIAL STATEMENTS

NOTE 7. LONG-TERM DEBT (CONTINUED)

C. Discretely Presented Component Unit – Development Authority

The following is a summary of long-term debt activity for the Development Authority for the year ended June 30, 2011:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Note payable	\$ 3,793,120	\$ -	\$ -	\$ 3,793,120	\$ -
Development Authority Long-term liabilities	<u>\$ 3,793,120</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,793,120</u>	<u>\$ -</u>

Note Payable. In October 2002, the Development Authority purchased land in Spalding County to be used for development and re-sale. The land was acquired by trust deed with an agreement that the Development Authority would submit the land to the County for inclusion in the 2003 SPLOST referendum. According to the trust agreement, if the County included the property in the SPLOST referendum and if the same passed, the Development Authority would apply the proceeds from the SPLOST to the purchase of the property from the Trust at the price of \$20,000 per acre. In the event the County did not include the property in the referendum or if the referendum failed, the Authority would execute a deed to secure the debt.

In 2003, the Authority executed a deed to secure debt to the Trust in accordance with the terms of the original agreement. The debt is payable at the rate of \$20,000 per acre, as and when parcels within the property are sold. However, the purchase price must be paid in full on or before June 4, 2014. In the event that on June 4, 2014, any portion of the debt remains unpaid, the Authority shall have the option of either paying the debt remaining in full or conveying back to the Trust those portions of the real property that remain unsold.

NOTE 8. TAX ANTICIPATION NOTE PAYABLE

On November 1, 2010, the County issued a \$2,500,000 tax anticipation note with an interest rate of 2.11% to provide cash flow for the General Fund until tax collections began later in the year. The County drew down \$2,500,000 during the current fiscal year and repaid the note in full with interest on December 28, 2010.

Activity for the tax anticipation note payable (short-term liability) for the year ended June 30, 2011, was as follows:

<u>Balance, June 30, 2010</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance, June 30, 2011</u>
\$ -	\$ 2,500,000	\$ 2,500,000	\$ -

NOTES TO FINANCIAL STATEMENTS

NOTE 9. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of June 30, 2011, is as follows:

Due to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Nonmajor governmental funds	\$ 40,513
Nonmajor governmental funds	General Fund	3,548
		\$ 44,061

These balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. Primarily, balances are attributed to expenditures paid by the General Fund to be reimbursed by the funds for which the expenditures benefit.

Interfund transfers:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
General Fund	Nonmajor governmental funds	\$ 236,530
Nonmajor governmental funds	General Fund	560,755
Nonmajor governmental funds	Fire District Fund	15,000
		\$ 812,285

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that the statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTES TO FINANCIAL STATEMENTS

NOTE 10 **DEFINED BENEFIT PENSION PLAN**

Plan Description

The County sponsors the Association County Commissioners of Georgia Spalding County Defined Benefit Plan (The Plan), which is a defined benefit pension plan.

The Plan provides retirement, disability, and death benefits to plan participants and beneficiaries. The Plan is affiliated with the Association County Commissioners of Georgia Defined Benefit Plan (The ACCG Plan), an agent multiple-employer pension plan administered by GEBCorp. The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of The ACCG Plan as provided in Section 19.03 of The ACCG Plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of The Plan as provided in Section 19.02 of The ACCG Plan document. Complete financial statements for the Association County Commissioners of Georgia (ACCG) Defined Benefit Pension Plan can be obtained from Pension Service Company, 1100 Circle 75 Parkway, Suite 300, Atlanta, Georgia 30339.

Funding Policy

The County is required to contribute an actuarially determined amount annually to The Plan's trust. A contribution amount is determined using actuarial methods and assumptions approved by The ACCG Plan trustees and intended to satisfy the minimum contribution requirements as set forth in controlling State of Georgia statutes. Plan participants are not required to contribute to the plan.

Annual Pension Cost

The County's annual pension cost and net pension obligation for the pension plan for the year beginning January 1, 2011, (the most recent actuarial valuation date) are as follows:

	January 1, 2011	January 1, 2010
<u>Derivation of Annual Pension Cost</u>		
Annual Required Contribution	\$ 1,142,876	\$ 1,050,048
Interest on Net Pension Obligation	(42,697)	(31,001)
Amortization of Net Pension Obligation	45,685	33,171
Annual Pension Cost	\$ 1,145,864	\$ 1,052,218

Due to the difference in the plan year-end, which is on a calendar year basis, and the County's fiscal year-end, the annual pension cost for the fiscal year ending June 30, June 30, 2011 is calculated to be \$1,099,041.

NOTES TO FINANCIAL STATEMENTS

NOTE 10. DEFINED BENEFIT PENSION PLAN (CONTINUED)

Derivation of Net Pension Obligation

Annual Pension Cost	\$ 1,099,041

2007	265,866	264,239	99	(20,197)
2006	258,676	261,944	101	(21,824)

As of the most recent valuation date, January 1, 2011, the funded status of the Plan was as follows:

<u>Measurement Date</u>	<u>Actuarial Value of Assets</u>	<u>Actuarial Accrued Liability</u>	<u>Unfunded Actuarial Accrued Liability</u>	<u>Funded Ratio</u>	<u>Covered Payroll</u>	<u>Actuarial Accrued Liability as a Percentage of Covered Payroll</u>
12/31/2010	\$ 16,361,414	\$ 22,174,109	\$ 5,812,695	73.8%	\$ 14,313,403	40.6%

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan net assets is increasing or decreasing over time relative to the actuarial liability. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect long-term perspective. Calculations are based on the substantive plan in effect as of January 1, 2011.

NOTES TO FINANCIAL STATEMENTS

NOTE 11. DEFINED CONTRIBUTION PENSION PLAN

The Spalding County Money Purchase Pension Plan (the Plan) is a single employer defined contribution plan established and administered by the Spalding County Board of Commissioners for substantially all of its full time employees. The Plan provides retirement, disability and death benefits to plan participants and beneficiaries. Plan provisions and contribution requirements are established and may be amended by the Spalding County Board of Commissioners. At June 30, 2011, there were 484 plan members.

Employees are not required to contribute to the Plan. For employees who have not elected to participate in The Three-Tier Defined Benefit Plan, the County contributes an amount equal to 4% of each participant's compensation. The County's contribution for each employee is 100% vested after five (5) years of continuous service. For the fiscal year ending June 30, 2011, the County's contribution to the Plan was \$236,517. The amount contributed by employees was \$832,617.

NOTE 12. OTHER POST EMPLOYMENT BENEFITS

In accordance with GASB 45 requirements, the County is required to attribute the cost of postretirement benefits to the time during which the employee is working for the employer. GASB 45 requires allocation of the costs of a postretirement benefit plan onto the years of active employment; it does not require the funding of such benefits. GASB 45 requirements have been implemented by the County for the year ended June 30, 2011. The County has elected not to establish a separate trust fund to account for other post-employment benefits, and has not funded the plan as of June 30, 2011.

The County provides postretirement health care benefits, as per the requirements of a resolution, for certain retirees. The provisions and obligations to contribute are established and may be amended by the Spalding County Board of Commissioners. The requirements are that the employee must retire from the County after 15 years of continuous service and must have attained the age of 55. The benefits are offered until the retiree turns 65 and is eligible for Medicare and/or the employee becomes covered under the plan of another employer. The County pays 50% of the premium and the employee must pay the remaining 50%. Currently, 10 employees are enrolled in postretirement health care benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 12. OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

Membership

The following schedule (derived from the most recent actuarial valuation report) reflects membership for the postretirement benefit plan as of June 30, 2011.

Active members	493
Retired members	<u>7</u>
	<u><u>500</u></u>

Contributions

The County contributed \$61,374 to the postretirement benefit plan in fiscal year 2011. The annual required contribution amount is determined using actuarial methods and assumptions approved by the County Commission. The Commission established and may amend the funding policy for the postretirement benefit plan.

Schedule of Employer Costs and Contributions				
Fiscal Year Beginning	Annual Required Contribution/ Annual OPEB Cost	Actual County Contribution	Percentage of AOC Contributed	Net OPEB Obligation
7/1/10	\$ 182,055	\$ 61,374	34 %	\$ 256,827
7/1/09	98,399	27,214	28	136,146
7/1/08	98,399	33,438	34	64,961

As of the most recent valuation date, June 30, 2011, the funded status of the postretirement benefit plan was as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability	Unfunded Actuarial Accrued Liability	Funded Ratio	Annual Covered Payroll	Unfunded Actuarial Accrued Liability as a Percentage of Covered Payroll
06/30/11	\$ -	\$ 1,380,439	\$ 1,380,439	- %	\$ 20,968,273	6.6 %

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan net assets is increasing or decreasing over time relative to the actuarial liability. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect long-term perspective. Calculations are based on the substantive plan in effect as of June 30, 2011.

NOTES TO FINANCIAL STATEMENTS

NOTE 12. OTHER POST EMPLOYMENT BENEFITS (CONTINUED)

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continued revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the plan in effect at June 30, 2011. The assumptions used in the June 30, 2011 actuarial valuation are as follows:

Basis of Valuation

Current Valuation Date	June 30, 2011
Actuarial Cost Method	Projected Unit Credit
Actuarial Asset Valuation Method	Market Value of Assets
Discount Rate	5.0%
Medical Cost Trend Rate	10.0% graded by 1.0% per year to an ultimate rate of 5.0%
Amortization Method	Level Dollar (Open)
Remaining Amortization Period	30 years

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

NOTE 13. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; thefts of, damage to, and destruction of assets; errors and omissions; natural disasters; injuries to employees; and losses resulting from providing accident and health benefits to employees, retirees, and their dependents.

The County purchases insurance from a private carrier for coverage of general liability, property, and casualty coverage. The private insurance covers claims arising from general liability, automobile liability, errors and omissions, law enforcement liability, and property risks. Additionally, the County purchases health insurance and dental insurance from a private carrier. No reduction in insurance coverage has occurred since the previous year, and no settlements in excess of coverage have been paid in the past three years.

The County has established a risk management fund (Workers' Compensation Trust Fund), an internal service fund, where assets are set aside for claim settlements. This fund covers the employees of the Water Authority as well. Under this program, the risk management fund provides coverage for up to a maximum of \$300,000 for each workers' compensation claim.

NOTES TO FINANCIAL STATEMENTS

NOTE 13. RISK MANAGEMENT (CONTINUED)

The County has joined together with other municipalities in the state as a member of the Group Self Insurance Workers' Compensation Fund (GSIWCF) for its workers' compensation risks. GSIWCF exists by authority of the Official Code of Georgia (OCGA), and participates in risk sharing arrangements among Georgia county governments. As part of this risk pool, the County is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the fund, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the fund being required to pay any claim of loss. The County is also to allow the pool's agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the fund.

Chapter 85 of Title 36 and Chapter 9 of Title 34 of the OCGA authorize Georgia counties to form interlocal management agencies. GSIWCF acts as a risk management agency to function as unincorporated nonprofit instrumentalities of its member counties. GSIWCF establishes and administers one or more group self insurance funds and a risk management service to prevent or lessen the incidence and severity of workers' compensation losses occurring in the operation of member governments.

The County retains the first \$300,000 (in the form of a deductible) on its workers' compensation claims. The County files all claims with GSIWCF, and GSIWCF invoices the County monthly for any risk of loss up to the deductible amounts.

The claims liability of \$790,410 as of June 30, 2011, of the Workers' Compensation Trust Fund is based on the requirements of Governmental Accounting Standards Board Statement 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

NOTES TO FINANCIAL STATEMENTS

NOTE 13. RISK MANAGEMENT (CONTINUED)

Incurred-But-Not-Reported (IBNR) claims have been accrued as claims liabilities based primarily upon the fund's third party administrator's claims projections and are included in current year claims estimates.

Changes in the balances of claims liabilities for the Workers' Compensation Trust Fund in fiscal year 2011 and 2010 were as follows:

<u>Workers' Compensation Trust Fund</u>	<u>June 30, 2011</u>	<u>June 30, 2010</u>
Unpaid claims, beginning of fiscal year	\$ 279,665	\$ 257,665
Incurred claims (including IBNRs)	1,395,396	350,847
Claim payments and changes in estimates	<u>(884,651)</u>	<u>(328,847)</u>
Unpaid claims, end of fiscal year	<u>\$ 790,410</u>	<u>\$ 279,665</u>

NOTE 14. COMMITMENTS AND CONTINGENT LIABILITIES

Litigation

The County is involved in several pending lawsuits. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the County.

Contractual Commitments

In addition to the liabilities enumerated in the balance sheet at June 30, 2011, the Water Authority has contractual commitments on uncompleted contracts of approximately \$3,497,064.

Grant Contingencies

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, management of the County believes such disallowances, if any, will not be significant.

NOTES TO FINANCIAL STATEMENTS

NOTE 15. JOINT VENTURES

Airport

During the year ended June 30, 2011, the County, jointly with the City of Griffin, provided funding for the Griffin-Spalding County Airport ("Airport"). On September 29, 1992, the Board of Commissioners approved funding for one half of the Airport's operating deficit for an unspecified period of time. The total paid to the Airport for fiscal year 2011 was \$35,000.

Information concerning the financial statements may be obtained from the Griffin-Spalding County Airport, P.O. Box T, Griffin, Georgia 30224.

Three Rivers Regional Commission

Under Georgia law, the County, in conjunction with other cities and counties in a 10-county central Georgia area, is a member of the Three Rivers Regional Commission ("RC") and is required to pay annual dues thereto. During its year ended June 30, 2011, the County paid \$40,821 in such dues. Membership in an RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the RC. The RC Board membership is made up of representatives appointed by each county seat and respective county government member and also includes private citizen and minority representatives. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of a Regional Commission. Information concerning the financial statements may be obtained from the Three Rivers Regional Commission, P.O. Box 818, Griffin, Georgia 30224.

NOTE 16. JOINTLY GOVERNED ORGANIZATION

Land Bank Authority

During the year ended June 30, 2006, the County along with the City of Griffin entered into an interlocal cooperation agreement for the purpose of establishing the Griffin / Spalding County Land Bank Authority (the "Authority"). The Authority's purpose is to return land which is in a non-revenue generating, non-tax producing status to an effective utilization status in order to provide affordable housing, new trade, commerce, industry, and employment opportunities for the citizens of the County and the City of Griffin. The Authority is governed by a four member board of directors appointed equally by the County and the City of Griffin. The total paid to the Authority for fiscal year 2011 was \$75,000. The County has no further accountability for this organization.

NOTES TO FINANCIAL STATEMENTS

NOTE 17. HOTEL/MOTEL LODGING TAX

During the year ended June 30, 2011, the County levied a 3% lodging tax. The Official Code of Georgia Annotated 48-13-51 requires that all lodging taxes levied of 3% or more be expended or obligated contractually for the promotion of tourism, conventions, or trade shows. For the fiscal year ended June 30, 2011, the County collected \$96,106 of hotel/motel taxes. Management represents that \$105,162, or 109%, of the lodging tax received during the year ended June 30, 2011 was used for the promotion of tourism. The remainder has been restricted for the future promotion of tourism, conventions, or trade shows.

III. STATISTICAL SECTION

STATISTICAL SECTION

This part of Spalding County's comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents	Page
Financial Trends	93 – 100
<i>These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.</i>	
Revenue Capacity	101 – 106
<i>These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.</i>	
Debt Capacity	107 – 109
<i>These schedules contain information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.</i>	
Demographic and Economic Information	110 and 111
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.</i>	
Operating Information	112 – 114
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the government provides and the activities it performs.</i>	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive financial reports for the relevant year. The County implemented GASB Statement 34 for the year ended June 30, 2003; schedules presenting financial information include information beginning in that year.

Spalding County Board of Equalization and Assessment

NOTES:

Property in Spalding County is reassessed once every three years. The County assesses commercial, residential, and real property at approximately 40 percent of actual value. Estimated actual value is calculated by dividing assessed value by those percentages. Tax rates are per \$1,000 of assessed value.

Total Taxable Property		Assessed Value as a Percentage of Actual Value	Total Direct Tax Rate
Assessed Value	Actual Value		
\$ 1,042,729,315	\$ 2,606,823,288	40%	\$ 9.88

IV. COMPLIANCE SECTION

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**Board of Commissioners
of Spalding County, Georgia
Griffin, Georgia**

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Spalding County, Georgia as of and for the year ended June 30, 2011, which collectively comprise Spalding County, Georgia's basic financial statements and have issued our report thereon dated December 15, 2011. As discussed in Note 1, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as of July 1, 2010. Our report includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Griffin-Spalding Development Authority and the Spalding County Department of Public Health, as described in our report on Spalding County, Georgia's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

Management of Spalding County, Georgia is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Spalding County, Georgia's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Spalding County, Georgia's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Spalding County, Georgia's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2011-1 to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Spalding County, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain additional matters that we reported to the management of Spalding County, Georgia in a separate letter dated December 15, 2011.

This report is intended solely for the information and use of the management and Board of Commissioners of Spalding County, Georgia and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Mauldin & Jenkins, LLC

Macon, Georgia
December 15, 2011

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL
EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

**Board of Commissioners
of Spalding County, Georgia
Griffin, Georgia**

Compliance

We have audited Spalding County, Georgia's compliance with the types of compliance requirements described in OMB *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Spalding County, Georgia's major federal programs for the year ended June 30, 2011. Spalding County, Georgia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Spalding County, Georgia's management. Our responsibility is to express an opinion on Spalding County, Georgia's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Spalding County, Georgia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Spalding County, Georgia's compliance with those requirements.

In our opinion, Spalding County, Georgia complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2011-2.

Internal Control Over Compliance

The management of Spalding County, Georgia is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Spalding County, Georgia's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Spalding County, Georgia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified a certain deficiency in internal control over compliance that we consider to be a significant deficiency as described in the accompanying schedule of findings and questioned costs as item 2011-2. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Spalding County, Georgia's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit Spalding County, Georgia's response and, accordingly, we express no opinion on the response.

This report is intended solely for the information and use of the management and the Board of Commissioners of Spalding County, Georgia and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Type A and Type B programs: \$300,000

Auditee qualified as low-risk auditee? X yes no

SPALDING COUNTY, GEORGIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

SECTION II FINANCIAL STATEMENT FINDINGS AND QUESTIONED COSTS

2011 - 1. Revenue Cycle Transactions

Criteria: Generally accepted accounting principles require revenues to be recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period.

Condition: The County did not appropriately record all transactions involving the County's receivable and revenue accounts during the year ended June 30, 2011.

Context: We addressed this matter with County officials who were able to determine all appropriate revenue and receivable entries that should be recorded as of June 30, 2011.

Effect: Audit adjustments to decrease cash in the amount of \$937, increase due from other governments in the amount of \$398,823, decrease due from other funds in the amount of \$31,103, and increase revenues in the amount of \$366,783 were required to be reported by the General Fund as of June 30, 2011.

Recommendation: We recommend the County recognize and record all necessary receivable and revenue adjustments at the end of each financial cycle, ensuring that the resulting ending balances are correct.

Views of Responsible Officials and Planned Corrective Action: We concur with the finding. We will begin recognizing and recording all necessary receivable and revenue adjustments as appropriate in future years and ensuring the ending balances are correct.

SECTION III FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS

2011-2. Verification Check for Covered Transactions – Public Assistance Grant

Criteria: As a recipient of federal awards, the County is charged with the responsibility of verifying that covered transactions (procurement contracts for goods and services that are expected to equal or exceed \$25,000, or meet certain other specified criteria) are not awarded to debarred or suspended parties.

Condition: During our testing of federal award contracts, we noted one instance in which the County could not provide documentation that a verification check for debarment/suspension was performed.

Context/Cause: The lack of documentation regarding debarment/suspension was noted during control testing related to the Public Assistance Grant.

Effect: Without proper documentation, debarred/suspended parties could be improperly awarded federal grant monies.

SPALDING COUNTY, GEORGIA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2011

SECTION III FEDERAL AWARDS FINDINGS AND QUESTIONED COSTS (CONTINUED)

2011-2. Verification Check for Covered Transactions – Public Assistance Grant (Continued)

Recommendation: The County should take appropriate measures to ensure that complete documentation of all federal award procurements, including verification checks for suspension/debarment, be properly maintained.

Views of Responsible Officials and Planned Corrective Action: We concur. We will work together to ensure that complete documentation of all federal award procurements is properly maintained.

SPALDING COUNTY, GEORGIA

SCHEDULE OF PRIOR YEAR FINDINGS FOR THE YEAR ENDED JUNE 30, 2011

2010-1. Verification Check for Covered Transactions – Homeland Security Program

Criteria: As a recipient of federal awards, the County is charged with the responsibility of verifying that covered transactions (procurement contracts for goods and services that are expected to equal or exceed \$25,000, or meet certain other specified criteria) are not awarded to debarred or suspended parties.

Condition: During our testing of federal award contracts, we noted one instance in which the County could not provide documentation that a verification check for debarment/suspension was performed.

Auditee Response/Status: Unresolved. This is included as current finding number 2011-2.

**INDEPENDENT AUDITOR'S REPORT
ON THE SCHEDULE OF STATE CONTRACTUAL ASSISTANCE – DHR**

**Board of Commissioners
of Spalding County, Georgia
Griffin, Georgia**

We have audited the financial statements of Spalding County, Georgia as of and for the year ended June 30, 2011, and have issued our report thereon dated December 15, 2011. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The Schedule of State Contractual Assistance - DHR is presented for purposes of additional analysis and is not a required part of the financial statements of Spalding County, Georgia. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

This report is intended for the information of management and federal awarding agencies and pass-through entities that are required to receive this report and is not intended to be and should not be used by anyone other than these specified parties.
