

Ryan Bowlden

Commissioner District 4

Ryan Bowlden is a resident of Spalding County, born and raised. He attended Griffin-Spalding County Schools from start to finish graduating from Griffin High School in 1999. From there he attended Gordon College and then the University of West Georgia. He was involved in the Boy Scouts of America a member of Troop 8 based out of Sunnyside, GA where he eventually obtained his Eagle Scout.

Being born and raised in Spalding County led Ryan to become an active community servant in 2009, where he joined the Spalding County Sheriff's Office. During his mandate school, he took the lead and graduated at the top of his class and received

the session 3 class flag. From 2009, Ryan served in various departments throughout the Sheriff's Office. In 2017, Ryan left the Spalding County Sheriff's Office and started his current career with Hampton Police Department.

Outside of law enforcement, Ryan is involved with several non-profit organizations, including "Mowing with a Meaning" and "I am a Character". These organizations, founded by Robert (Smokey) Page, have allowed Ryan to contribute to the community by providing guidance to youth and lawncare needs to those families and loved ones affected by cancer.

Spalding County is home to Ryan and his family, he wants nothing more than to see his community safe and prosperous. Ryan's goal is to get the citizens more involved with the decisions that are being made and to be more of an active participant himself.
