SPALDING COUNTY WATER RATES

EFFECTIVE March 1, 2024

The following are the current water rates for county customers. The minimum rate is \$13.71 per month, plus \$8.70 for each thousand gallons you use up to 7,000 gallons. Each thousand gallons you use over 7,000 gallons up to 10,000 gallons will cost \$10.88. Each thousand gallons you use over 10,000 gallons will cost \$11.92.

Example: If you use 7,000 gallons a month (which is the average consumption) your water bill will be \$74.61. Depending on how many gallons you use, you will pay more or less than this amount, which gives you an incentive to conserve.

If you have any questions concerning your water bill, please contact the City of Griffin Water Department at (770) 229-6403.
